Hand Made in the San Francisco Bay Area From Recycled and Reclaimed Materials

Want to feature KennaKristine in your fabulous boutique?...

### What will selling KennaKristine do for my shop?

All of the Handbags and Accessories at KennaKristine are made of recycled and reclaimed materials, so naturally they are all special one of a kind and will be exclusive to your shop. Your customers will feel great about toting around a fabulously designed bag with some unique features. It's Green Too! I have put a lot of effort into building my brand and creating a 5 Star experience for my customers. Boutiques who carry KennaKristine in their shops will also be featured on my website and will be advertised at all the trunk shows I attend.

### Buy Green! Buy Local!

Having a green local artist featured in your shop will be a positive reflection of you and your brand. The customer mind set is changing. If they are going to spend their money they want to spend it on products that are just and sustainable. Show your customers you are responsible and that they can be responsible too.

### Pricing on my online shop?

On my Etsy shop items are sold for less than my suggested retail price with an addition of shipping charges. Also my Etsy shop has a few different items than are available for wholesale. Reasons being: limited supplies and cost. If you must have something from my Etsy shop for your little boutique, just let me know and you may purchase the item from me for the listed price tax free.

### How does buying handmade work?

All wholesale items have consistent basic elements such as size and shape. Due to the nature of my process the fabrics and techniques will always be a little different (for example color and metal accessories). This ensures each piece will be unique to you and your shop. Each piece comes with attached tag including a little story about KennaKristine and list of materials used in the piece.

### Suggested Retail Price:

Weekender Hobo Handbags with or without Looped Strap: \$65.00 to \$80.00

Clutch: \$45.00 to \$60.00

Re-Made Jewelry: \$10.00 to \$30.00

### Wholesale Discount:

40% off suggested retail price

Note: Minimum purchase to receive the wholesale discount is 6 items.

In addition to a wholesale discount I also offer consignment based sales. Contact me to discuss consignment terms.

I know my handmade handbags and accessories will create a positive experience for you and your customers.
